

### FLYING POSTS IN HUDSON STRAIT

ment flying posts in Hudson bay is a strong possibility, it was told today by Squadron Leader T. Lawrence, who with eight others returned from 16 months' service in the north.

"Planes are almost essential in navigating the channel owing to the heavy banks of fog and it is probable that next year we will see the establishment of permanent posts in the strait," Mr. Lawrence said.

by Patricia Burke. Special by Mrs. Atkinson, late principal, for special attendance in grade 2, Gwen Davidson, Edna Fraser, Donald MacIsaac, Jack Cutler.

The Women's Institute of Macleod sent a cheque of \$8 towards the purchase of a seat for use in the high school.

Our school endeavor to collect and maintain each year the prettiest costumes and the best music which our countries have brought here. In the evening the commencement committee gave a dance in the Parsonage Hall for the teachers, high school students, C. G. I. T. and their friends. The hall was gaily decorated with school colors and flowers and the decorations were used for tagging the costumes. Mrs. Huntley, in her usual good style, provided the music. Refreshments, consisting of ice cream and cake, were served at 10 o'clock and dancing was resumed until 12. This is the first time a

NEW AND HIGHER OFFER IS MADE FOR ALBERTA'S NORTHERN RAILWAYS

Edmonton, Sept. 18.—A new offer of approximately \$22,000,000 has been made for Alberta's northern railways by the Canadian Pacific Railway. The proposal to take over the government-owned lines, the Edmonton, Dawson and Athabasca, Central Canadian and the Great Waterways, was made on Monday afternoon by E. W. Beatty, R.C. president and chairman of the C. P. R., to Hon. J. E. Brownlee, Premier of Alberta.

The new C. P. R. offer of \$22,000,000 is approximately \$2,000,000 better than the best previous offer made for the Alberta railways. The highest offer, however, placed before the Alberta government was \$17,000,000 and was made by the two transcontinental lines last March.

While neither Mr. Beatty nor Premier Brownlee would definitely accept \$22,000,000, the exact amount of the new C. P. R. proposal still indicates a point to the fact that the figure placed by the C. P. R. is before the Alberta government for its consideration.

## NINTH CROP REPORT

Telegraphic reports received by the Department of Agriculture show harvesting operations proceeding satisfactorily over the whole of the Province. A general rain on September 7, accompanied by light snow in some districts, delayed work for two or three days. Other than this, weather conditions have been ideal. The cutting of wheat is well advanced, but in some scattered districts from 15 to 20% is still standing. The cutting of country grain is proceeding rapidly and all harvesting should be completed within a week if the good weather continues.

Thrashing is under way in most places, with approximately 7,000 machines at work. A large number of combine and threshers have been used and reports indicate that they have worked satisfactorily.

First, during the third week of August and a heavy frost on the 20th of September have caused considerable damage to all except the early crops, but on the whole the grain should be somewhat better than last year's crop, especially in view of the fact that the grain is dry and is grading straight.

Reports from the Peace River state that thrashing is well advanced. The crop in this district is somewhat lighter than last year, especially north of the Peace River. A number of points report that the yield of wheat is ranging from 30 to 40 bushels per acre. The average for the province, however, will vary by about 25 bushels per acre. The estimated average in wheat is 30 bushels per acre. This will bring the wheat crop of the present year near parity with last year's total.

**FIRST LOCAL APPEAL FOR FOUNDATION FUND FOR NATIONAL COUNCIL OF WOMEN OF CANADA WILL BE STARTED BY VANCOUVER LOCAL COUNCIL.**

The first local appeal in the Dominion wide effort to be conducted by The National Council of Women of Canada for a \$200,000 Foundation Fund will be started by the Vancouver Local Council on Monday, September 17.

Vancouver was one of the cities visited by Mrs. Frederick Etherington, wife of Kingston, Ont., first president of The National Council of Women and co-chairman of the Foundation Fund Committee, on a tour of the western provinces from which she recently returned.

According to Mrs. Etherington all indications point toward a hearty support of the Foundation Fund project in the west. Speaking of the trip she said:

"The attitude of the members of the western Local Councils is most encouraging. At the meetings in Winnipeg, Regina, Calgary, Victoria, and Vancouver a hearty support of the Foundation Fund was pledged and representatives who attended the meetings from other towns and cities stated that their Local Councils also intended to give fullest co-operation."

"It is particularly fitting that the city of Vancouver should be the first to conduct an appeal in this nation wide effort," Mrs. Etherington continued, "since the Foundation Fund movement was originated at the annual convention of The National Council which was held there two years ago. Mrs. G. O. Fallis, president of the Vancouver Council, is confident her organization will have no difficulty in raising its portion of the Fund."

As part of the Foundation Fund effort Mrs. Fallis has requested the president of each of the separate women's organizations that compose the Local Council to secure one life membership.

Early next week Mrs. Etherington will start a tour of the eastern provinces in company with Captain H. R. Bradford, director of the project. Ottawa, Montreal, Quebec, Halifax, and St. John will be visited and a number of other Local Councils will be represented at the meetings in these cities.

## Glenwood News

Asst Butler and wife and mother of Glenwood visited Glenwood on Saturday and Sunday.

The United School Fair held at Glenwood on Tuesday was a marked success. The display of vegetables, flowers, grains, livestock, cooking and sewing were very pleasing and creditable. There were not as many exhibits of school work as there should have been. The Glenwood school making the only entries in a number of classes.

The United School Fair includes the districts of Glenwood, H.B. Spring, Mr. View, Hartley and Lane Rock. Mr. Brown of Macleod, the school inspector, judged the school work. The school judges of the Raymond A. C. were: Mr. D. L. Gilbert, judging vegetables, grains and flowers; Mr. Palmer, judging livestock; Miss Reiter, judging the cooking; and Miss Scott, judging the sewing exhibits. During the afternoon a program of sports was conducted, the winner receiving cash prizes. The Glenwood school sold refreshments in the form of ice cream, hot dogs and soft drinks, the proceeds from which will be used to purchase playground equipment. The weather conditions throughout the day were ideal, and

Working operations commenced last week and this week will see the process in full swing throughout the district as practically all of the grain is cut.

It is expected that the new school will be completed this week.

Miss Letty Thomas returned from Charnish Saturday.

Mr. Kenneth Quinlan, eldest son of Mr. and Mrs. Ernest Quinlan and Miss Gertrude Uhl, recently of Germany, were united in marriage at Cardston on Saturday, September 28th. Mr. J. V. Carl performed the ceremony.

A light rain Friday night and Saturday morning delayed harvesting for half a day.

Kenneth Ryan is assisting O. E. Bates in the Midland elevator.

Any old part is good enough in a storm, but civic leaders in many sections recognize a growing demand in all weather for well equipped airports.

## BRANCH OF ALBERTA MOTOR ASSOCIATION TO BE ORGANIZED AT MACLEOD

A meeting was held in the Rest Room on Tuesday night to meet with Mr. Brayson, president of the Calgary branch of the Alberta Motor Association, to consider the advisability of forming a branch of the association in Macleod. Mayor J. W. McDonald, K.C., presided and in introducing Mr. Brayson spoke of the importance of Macleod as a center for the tourist traffic, being the junction of the Blue Trail and the Transcontinental Highway. The Blue Trail, which is the main highway between Macleod and Cardston is completed in a few weeks, will be the main and only hard surfaced highway in the province running clear through Macleod. The mayor impressed this fact upon his hearers, and spoke of the necessity of making every provision possible for looking after the tourist traffic next year, and for the future.

Mr. Brayson, in an interesting address, outlined the operations and work of the Alberta Motor Association. He said that it was only young yet, having been organized about two years ago, but it had done in that short time an enormous amount of work in connection with the roads and in advertising the province. The association's activities covered the whole of the province, and was affiliated with all the motor associations in Canada and with the leading associations in the United States. He enumerated the many benefits that members of the association were entitled to and received not only in this province but wherever they travelled in Canada and the States. Among these benefits were hospital, ambulance treatment at specially selected hotels, fair and square dealings as to charges for repairs at garages and for baggage. If it is possible within ten miles on gravelled roads, five miles on dirt roads. Mr. Brayson spoke of the service of maps which the association gives, these maps being sent all over Canada and the United States. He said that the association will open an information Bureau at Waterton National Park next year, the same as at Banff. He also told of the road markings by means of signs which will be carried out all over the province next spring. He strongly advocated more gravelled roads, but said this province could not afford to build roads that were really necessary unless there was an additional tax put on gas and all the tax money spent only on roads. He did not favor an increase in car license money on the gas. He also spoke of Macleod as an important center for the tourist traffic.

After his address it was decided to form a branch in Macleod and the following gentlemen were appointed as an executive committee: the committee to appoint the president, vice president, and secretary from their number: Messrs. Seymour, H. B. Spring, H. V. Clarke, A. F. Gray, A. Young, R. D. McGray.

The committee met this morning and made the following appointments: (President, H. V. Clarke, vice president, A. Young; secretary A. F. Gray.)

## TO THE FLAPPERS

Blessing on you, little damo, Barbekid girl with kisses home With the melted-down stolen home And the short, transparent clothes! With the red lips, redolent more, Smashed with lipstick from the store! With thy makeup on the face, And the bobbed hair's jaunty grace, From my heart I give thee joy, Glad that I was born a boy.

## These Are Days

which are very trying to the eye. If you happen to have automobile this is especially true. Very few of us are free from this defect, and vision without glasses is never good as it should be except at the cost of great strain.

We are experts in testing eyes. We are registered optometrists and make you this guarantee: That if we fail to tell you after you have tested your glasses, we will return your money. Our prices are very reasonable too.
